MUSIC BOOK 2014

For the following school-years, we want to use only the Music Book as the theory and exercises book. With this aim, the Music Book has been made.

Some materials from the AICLE music exercises have been included.

MUSIC ACTIVITY BOOK

With the aim of teaching the specific music vocabulary, we have used the Music Activity Book, which is a complement to the main book of the subject.

The files that you can use below are a review of the Music Activity Book that was awarded by the "Consejería de Educación de Andalucía" in "Premios a materiales curriculares relacionados con el fomento del plurilingüismo" of 2008. In this review, some activities have been either added or corrected.

I hope it will be helpful for ANL Music Teachers.
