In particular we encourage and monitor EU Member States' progress towards reaching the EU's ambitious Official Development Assistance (ODA) targets.

- **Aid and Development Effectiveness**

The Unit leads policy development on aid and development effectiveness within the European Union (EU institutions and Member States), formulates, coordinates and monitors related EU policies and promotes development effectiveness in international fora including the Global Partnership for Effective Development Cooperation (GPEDC). We lead within DG DEVCO, and support other Commission/EEAS services, in the implementation of aid and development effectiveness commitments and promote the dissemination of good practices. We also lead work on aid transparency, which is an increasing priority.

- **Joint Programming and joint implementation**

The Unit leads the policy on Joint Programming which is about the joint planning of development cooperation by the EU development partners working in a partner country. The Unit supports the implementation of the Joint Programming policy as the preferred approach in the EU's external aid assistance through a helpdesk and support function. Together with the EEAS Global 5 Division, Unit A2 is the focal point in HQ for the EU Delegations and field offices. We implement and adapt the Joint Programming strategy; provide strategic documents such as the Guidance Pack and the Operational Manual; coordinate the work of Joint Programming consultants; and organise in-country missions and regional seminars. Also, the Unit is leading the conceptualisation and operationalisation of joint implementation. Based on the opportunity presented by the new European Consensus on Development, the Unit will coordinate the work within DG DEVCO on the policy design, development and implementation of this approach.

We are a dynamic team of 14 people combining both young and experienced professionals in a pleasant working atmosphere at the heart of DG DEVCO.

- Contributing to the Commission's work streams to further EU and Member States engagement with various UN processes on financing for development and meetings of the GPEDC.

- Ensuring the implementation of the DEVCO Transparency Action Plan, including DEVCO publication to the International Aid Transparency Initiative (IATI) standard, and the development of new tools to access and use aid data.
- Ensuring implementation by the EU as a whole and by the Commission in particular of commitments undertaken at the Busan, Mexico and Nairobi High-Level Forum of the Global Partnership for Effective Development Cooperation (GPEDC) and in the EU Operational Framework on Aid Effectiveness, including to ensure a focus on country-level implementation;
