

This month's front cover shows a satellite photo map used in Ghana for participatory boundary surveying. GIM November contains a follow-up to the 'Towards Cadastre 2034' dialogue, which ran in the September and October 2010 issues of this magazine. Rohan Bennett and Paul van der Molen continue the conversation on page 31.

GIM INTERNATIONAL

GIM International, the global magazine for geomatics, is published each month by Geomares Publishing. The magazine and related e-newsletter provide topical overviews and accurately presents the latest news in geomatics, all around the world. *GIM International* is orientated towards a professional and managerial readership, those leading decision making, and has a worldwide circulation.
