

TEST

Volume 21
Number 3
September 2012

INVITED PAPER

- 413 D. Tjøstheim
Some recent theory for autoregressive count time series

DISCUSSIONS

- 439 G. Aneiros (comment)
442 J.J. Dolado (comment)
447 P. Doukhan (comment)
451 K. Fokianos (comment)
455 P. Galeano (comment)
459 J. Gao (comment)
464 A. Heinen (comment)
467 B. Kedeni (comment)
469 D. Tjøstheim (rejoinder)

ORIGINAL PAPERS

- 477 J. Wu • L. Zhu
Estimation of and testing for random effects in dynamic panel data models
- 498 C. Henchène • J.C. Pardo-Fernández
Testing for one-sided alternatives in nonparametric censored regression
- 519 C.M. Russo • R. Aoki • G.A. Paula
Assessment of variance components in nonlinear mixed-effects elliptical models
- 546 N.H. Chan • L. Peng • R. Zhang
Interval estimation of the tail index of a GARCH(1, 1) model
- 566 M. Ferreira • H. Ferreira
On extremal dependence: some contributions
- 584 P.-s. Shen
Analysis of left-truncated right-censored or doubly censored data with linear transformation models
