

**On the cover**  
**Governments are putting up impediments to globalisation. Time for a fresh wave of liberalisation: leader, page 11.**  
**The forward march of globalisation has paused since the financial crisis, giving way to a more conditional, interventionist and nationalist model. Our special report, after page 48, examines the gated globe**

**The Economist online**

Daily analysis and opinion from our 21 blogs, plus audio and video content, debates and a daily chart
