

**On the cover**  
 The euro zone's problem is not just sovereign borrowing; there are too many zombie firms and overindebted households: leader, page 15. How private debt is a drag on the currency union page 69. The European Central Bank starts the difficult task of repairing the banks, page 70. Seeking to confront the rise of Eurosceptics and fill the EU's democratic deficit: Charlemagne, page 35

Cheap at the price
- 44 The Canada-EU trade deal**  
Atlantic accord
- 44 Farming in Colombia**  
Conflict's harvest
- 46 Argentina's wealth gap**  
Barbarians at the gate

**Special report: The Koreans**

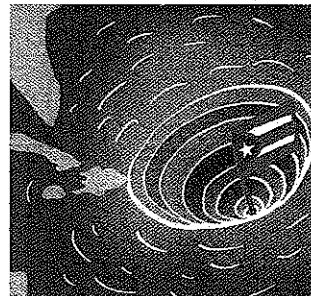

**Parallel worlds**  
After page 46

**United States**

- 47 Obamacare**  
Healthcare.bug
- 48 After the shutdown**  
Where next?
- 49 Pension reform in California**  
Mayors to the rescue
- 49 Haunted houses**  
More boo for your buck
- 50 Georgia's governor**  
Raw Deal
- 51 Raising children**  
Apps for brats
- 51 Metropolitan trade**  
Open cities
- 52 Lexington**  
Bush's legacy

**The Koreans** The 38th parallel, separating north and south, is Korea's most important dividing line. But it is only one of many. See our special report after page 46. The perils in having all your children working too hard for one big exam: leader, page 16. North Korea allows British scientists on to its most sacred peak, page 54

**Puerto Rico** Stuck with a real debt crisis in its back yard, America can learn from Europe's mistakes with Greece: leader, page 16. A heavily indebted island weighs on America's municipal bond market, page 75

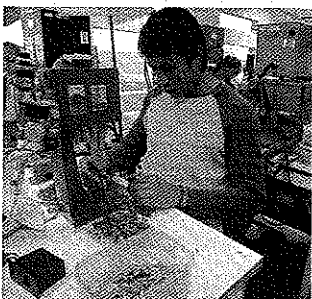

**China's dancing grannies** A popular pastime encounters opposition, page 60. Meanwhile youngsters are getting more violent, Page 59

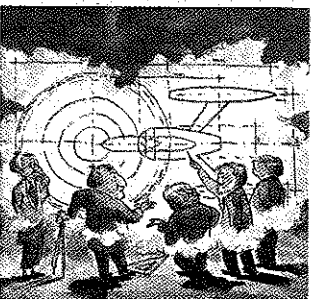

### Corporate America

In response to red tape and high taxes, American capitalism is mutating: leader, page 20. A revolution in the way companies are financed and managed will change the distribution of the wealth they create, pages 26-28

### Mexico's maquiladoras

A 50-year-old export industry that provides millions of jobs has to reinvent itself quickly to stay competitive, page 63

**Starships** If they are ever built, it will be in the far future. But scientists are working on them, page 78. Dismal scientists also like speculating about spaceflight, page 79

## Asia

- 53 **Indian foreign affairs**  
Eastern promise
- 54 **India, China and the Maldives**  
Maldivided
- 54 **Geothermal geopolitics**  
Another Korean rumbler
