The right in South America
- 45 Canada's Giant Mine**  
Giant headache
- 45 Lonesome George**  
Ecuador's tortoise

**The English question**  
 Scotland's place in the United Kingdom is settled. Time to deal with England: leader, page 12. Scotland's referendum has opened cracks in the United Kingdom, page 31. Westminster has already begun devolving power to English cities, page 33. Giving budget authority to smaller states boosts government spending: Free exchange, page 72. Britain's referendum has stoked other separatists' desire to vote, page 53

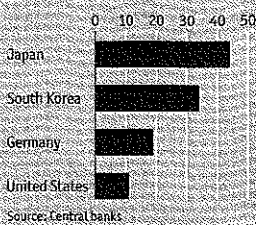

**Sarko is back** The former president is preparing another run for the presidency, page 25

**China's water problem**  
 Vast new canals will not banish China's desperate water shortages: leader, page 14. The world's biggest water-diversion project, page 51

**Corporate cash holdings**

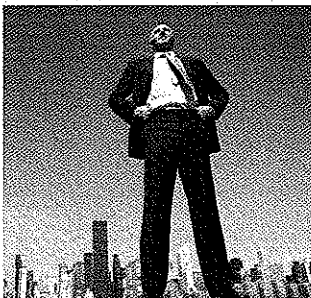

% of GDP, latest available

**Companies hoarding cash**

Japanese and South Korean firms are the world's biggest cash hoarders—to their economies' detriment: leader, page 13. At Samsung much has to change for things to stay the same, page 57. South Korea's government tries to get firms to spend their accumulated riches, page 71

**Boring banks** Since the financial crisis big banks have changed a lot, but there is more restructuring to come: leader, page 13. Their prayers for a halt to new regulation have fallen on deaf ears, page 67

**Tall CEOs** Getting to the top is as much to do with how you look as what you achieve: Schumpeter, page 63

**Asia**

- 46 Afghanistan**  
Democracy, Afghan-style
- 47 India in space**  
MOMs are from Mars
- 47 India's ruling party**  
Floating high
- 48 Hate speech in Japan**  
Spin and substance
- 49 Conscripts in South Korea**  
Blood, sweat and tears
- 50 Banyan**  
The puzzle of John Key

**China**

- 51 Water consumption**  
Diverting water north

Statistics on 42 economies, plus a closer look at world merchandise exports

**Obituary**

- 86 William Oliver**  
Champion of the littlest pigs

**Next week**

We publish a special report on the world economy. The first two industrial revolutions inflicted plenty of pain, but ultimately benefited everybody. The digital one may prove far more divisive, argues Ryan Avent
