## Summary and main conclusions

<b>Part I: Current developments and prospects</b> .....	17
Summary .....	18
1. Budgetary developments in the euro area and the EU Member States .....	20
1.1. Short-term developments and prospects for the budget balance and public debt .....	20
1.2. Government revenue and expenditure .....	23
2. Implementing the Stability and Growth Pact .....	27
2.1. Introduction .....	27
2.2. The excessive deficit procedure .....	27
3. Overview of the 2006/07 updates of the stability and convergence programmes .....	44
3.1. Introduction .....	44
3.2. Country-specific medium-term budgetary objectives .....	44
3.3. The adjustment path over the programme period .....	45
3.4. Debt projections .....	50
3.5. Macroeconomic assumptions and risks to the budgetary projections .....	50
4. The long-term sustainability of public finances based on the 2006/07 updates of the stability and convergence programmes .....	57
4.1. Introduction .....	57
4.2. The update of the long-term sustainability analysis .....	57
4.3. Overall assessment of the sustainability challenge in the Member States .....	66
<b>Part II: Evolving budgetary surveillance</b> .....	73
Summary .....	75
1. Ensuring the effectiveness of the preventive arm of the Stability and Growth Pact .....	78
1.1. Introduction .....	78
1.2. Strengthening the link between the stability and convergence programmes and national budgetary plans .....	79
1.3. A stronger role for the mid-term budgetary review in the euro area .....	84
1.4. Putting the assessment of stability and convergence programmes into a broader economic perspective .....	85
1.5. The Commission policy advice .....	89
1.6. Implicit government liabilities and medium-term budgetary objectives .....	91

2.	Measurement and statistical issues . . . . .	96
2.1.	The assessment of tax revenues in the EU fiscal surveillance framework . . . . .	96
2.2.	New methodology for computing minimum benchmarks . . . . .	104
2.3.	Accounting for pension-related liabilities . . . . .	107
2.4.	Quarterly government accounts and fiscal surveillance . . . . .	114
3.	Advances in the assessment of the long-term sustainability of public finances . . . . .	119
3.1.	Introduction . . . . .	119
3.2.	Envisaged improvements of the long-term budgetary projections . . . . .	119
3.3.	Improving the assessment of public finance sustainability . . . . .	122
4.	Systemic pension reforms in the revised Stability and Growth Pact . . . . .	124
4.1.	Introduction . . . . .	124
4.2.	Pension reforms in the excessive deficit procedure . . . . .	125
4.3.	Numerical examples . . . . .	129
4.4.	Conclusion . . . . .	129
5.	Strengthening budgetary procedures . . . . .	130
5.1.	Introduction . . . . .	130
5.2.	Basic features of budget procedures . . . . .	130
5.3.	Descriptive analysis of the budget procedures . . . . .	140
	<b>Part III: How to stick to medium-term budgetary plans . . . . .</b>	<b>147</b>
	Summary . . . . .	149
1.	Introduction . . . . .	151
2.	The functions of medium-term budgetary frameworks . . . . .	152
2.1.	Introduction . . . . .	152
2.2.	Functions of medium-term budgetary frameworks . . . . .	152
2.3.	What types of medium-term budgetary frameworks in the EU? . . . . .	156
2.4.	Conclusions . . . . .	161
3.	Experience with stability and convergence programmes under the preventive arm of the Stability and Growth Pact . . . . .	164
3.1.	Introduction . . . . .	164
3.2.	Stylised facts about a typical stability/convergence programme . . . . .	164
3.3.	Comparing plans to outcomes . . . . .	169
3.4.	Conclusions . . . . .	178
4.	Which factors help stick to budgetary plans? . . . . .	180
4.1.	Introduction . . . . .	180
4.2.	Which factors explain the difficulties in respecting expenditure plans? . . . . .	180
4.3.	Real GDP growth forecasts: the role of institutions . . . . .	189
4.4.	Conclusions . . . . .	192

<b>Part IV: Lessons from successful fiscal consolidations</b> .....	193
Summary .....	195
1. Introduction .....	198
2. Basic features of successful fiscal consolidations .....	200
2.1. Introduction .....	200
2.2. Defining episodes of successful fiscal consolidation .....	200
2.3. Findings from existing literature .....	203
2.4. Basic features of successful fiscal consolidations in the EU .....	206
3. The determinants of fiscal consolidation .....	213
3.1. Introduction .....	213
3.2. How do episodes of consolidation in the EU compare to ‘normal’ times and what triggers them? .....	213
3.3. What explains the difference between ‘cold shower’ and ‘gradual’ consolidations? .....	219
4. The determinants of success .....	222
4.1. Introduction .....	222
4.2. The typical profile of successful consolidations .....	222
4.3. The likelihood of success .....	225
4.4. Why do consolidations fail? .....	229
5. Conclusions .....	231
A. Annex: Country cases .....	233
A.1. Introduction .....	233
A.2. Spain .....	233
A.3. Italy .....	234
A.4. The Netherlands .....	236
A.5. Hungary .....	237
<b>Part V: Member State developments</b> .....	239
1. Belgium .....	241
2. Bulgaria .....	244
3. The Czech Republic .....	249
4. Denmark .....	251
5. Germany .....	253
6. Estonia .....	258
7. Ireland .....	261
8. Greece .....	264
9. Spain .....	267
10. France .....	272
11. Italy .....	278
12. Cyprus .....	282

13. Latvia	286
14. Lithuania	289
15. Luxembourg	292
16. Hungary	294
17. Malta	297
18. The Netherlands	299
19. Austria	305
20. Poland	308
21. Portugal	313
22. Romania	319
23. Slovenia	324
24. Slovakia	327
25. Finland	331
26. Sweden	334
27. United Kingdom	336
<b>Part VI: Resources</b>	<b>343</b>
1. Common methodology for calculating potential output — Overview of key features and recent modifications	345
1.1. Introduction	345
1.2. Basic features of the method	345
1.3. Recent modifications to the methodology	347
1.4. Technical specification of the model	348
2. Glossary	350
3. References	356
4. Useful Internet links	362
<b>Statistical annex</b>	<b>365</b>
<b>Tables</b>	
I.1.1. Euro area — The general government budget balance (% of GDP)	21
I.1.2. Budget balances in EU Member States (% of GDP)	22
I.1.3. Composition of changes in the government debt ratio in EU Member States (% of GDP)	23
I.1.4. Euro area — Government revenue and expenditures (% of GDP)	24
I.2.1. Overview EDP — Steps since spring 2006 — EU-15 Member States (planned dates in italics)	42
I.3.1. MTO, minimum benchmark, debt and potential growth	45
I.3.2. Nominal budget balances in the 2006/07 stability and convergence programme updates and the Commission services' autumn 2006 and spring 2007 forecasts (% of GDP)	46
I.3.3. Euro area — Decomposition of the planned change in government balance-to-GDP ratio	50
I.3.4. EU — Decomposition of the planned change in government balance-to-GDP ratio	50

I.3.5.	Projections of real growth (% change on the previous year) . . . . .	52
I.3.6.	General government gross debt (% of GDP) . . . . .	53
I.3.7.	Council examinations of the 2006/07 updates of stability and convergence programmes . . . . .	54
I.3.8.	Council examinations of the 2006/07 updates of stability and convergence programmes . . . . .	55
I.4.1.	Projected changes according to the common projections in age-related public expenditure between 2004 and 2030–50 (% of GDP) . . . . .	59
I.4.2.	Government balances in 2005 and 2006 compared (% of GDP) . . . . .	60
I.4.3.	Sustainability gaps in the ‘2006 scenario’ (% of GDP) . . . . .	61
I.4.4.	Required primary balance (% of GDP) . . . . .	62
I.4.5.	Sustainability gaps of the ‘programme scenario’ (% of GDP) . . . . .	64
I.4.6.	Projected debt developments in the EU Member States (% of GDP) . . . . .	64
I.4.7.	Overall classification of risks to the sustainability of public finances . . . . .	66
I.4.8.	Policy invitations by the Council on the sustainability of public finances on the 2006/07 SCPs . . . . .	68
I.4.9.	Policy conclusions by the Council on the sustainability of public finances on the 2006/07 SCPs . . . . .	69
II.1.1.	Calendar for the preparation of national budgets and stability and convergence programmes in Member States . . . . .	83
II.2.1.	Tax elasticities of EU Member States . . . . .	97
II.2.2.	New minimum benchmarks . . . . .	107
II.2.3.	Availability of quarterly government accounts . . . . .	115
II.4.1.	Estimated budgetary impact of systemic pension reforms (% of GDP) . . . . .	125
II.4.2.	Numerical example on the implementation of the Pact provision on systemic pension reforms, when considering an abrogation of the procedure (Case 1) . . . . .	128
II.4.3.	Numerical example on the implementation of the Pact provision on systemic pension reforms, when considering an abrogation of the procedure (Case 2) . . . . .	128
II.5.1.	Correlation coefficients between the indices reflecting features of the budget procedures . . . . .	142
III.2.1.	Medium-term budgetary frameworks — A typology . . . . .	154
III.3.1.	Medium-term budgetary plans formulated by Member States in their stability and convergence programmes over the period 1998–2006 . . . . .	165
III.3.2.	Medium-term budgetary plans formulated by Member States in the successive stability and convergence programme updates over the period 1998–2006 (change over three years, simple averages) . . . . .	167
III.3.3.	Medium-term macroeconomic projections in the stability and convergence programmes . . . . .	168
III.3.4.	Planned and observed changes in the government balance ratio . . . . .	172
III.3.5.	Planned and observed changes in GDP growth . . . . .	174
III.3.6.	Planned and observed changes in the government revenue ratio . . . . .	175
III.3.7.	Planned and observed changes in the government expenditure ratio . . . . .	176
III.3.8.	Consistency of general government expenditure plans over time (EU-15 Member States) — 2000–06 . . . . .	178
III.4.1.	Dependent variable: difference between the observed and planned increase in real primary expenditure . . . . .	190
IV.2.1.	Overview of episodes of fiscal consolidation in the EU . . . . .	206
IV.2.2.	Successful and unsuccessful fiscal consolidations — Fiscal conditions and composition of adjustment . . . . .	211

IV.2.3. Successful and unsuccessful fiscal consolidations — Macroeconomic performance .....	212
IV.3.1. Fiscal consolidation in normal times — Mean comparisons .....	214
IV.3.2. Probability of starting a fiscal consolidation .....	218
IV.3.3. Probability of a gradual fiscal consolidation .....	220
IV.4.1. Episodes of fiscal consolidation — Mean comparisons .....	223
IV.4.2. Probability of a successful fiscal consolidation .....	227
IV.4.3. Backtracking of unsuccessful fiscal consolidations .....	230
V.1.1. Budgetary developments 2005–10, Belgium (% of GDP) .....	242
V.1.2. Main measures in the budget for 2007, Belgium .....	243
V.2.1. Budgetary developments 2005–09, Bulgaria (% of GDP) .....	245
V.2.2. Main measures in the budget for 2007, Bulgaria .....	246
V.2.3. EU budget allocations to Bulgaria 2007–13 (current prices) .....	247
V.2.4. Budgetary effect of transfers between the EU and Bulgaria in 2007 (% of GDP) .....	248
V.3.1. Budgetary developments 2005–09, Czech Republic (% of GDP) .....	250
V.3.2. Main measures in the budget for 2007, Czech Republic .....	250
V.4.1. Budgetary developments 2005–10, Denmark (% of GDP) .....	252
V.4.2. Main measures in the budget for 2007, Denmark .....	252
V.5.1. Budgetary developments 2005–10, Germany (% of GDP) .....	254
V.5.2. Main measures in the budget for 2007, Germany .....	255
V.5.3. Agreements on expenditure growth for subsectors of government in % .....	256
V.6.1. Budgetary developments 2005–10, Estonia (% of GDP) .....	259
V.6.2. Main measures in the budget for 2007, Estonia .....	260
V.7.1. Budgetary developments 2005–09, Ireland (% of GDP) .....	262
V.7.2. Main measures in the budget for 2007, Ireland .....	263
V.8.1. Budgetary developments 2005–09, Greece (% of GDP) .....	265
V.8.2. Main measures in the budget for 2007, Greece .....	266
V.9.1. Budgetary developments 2005–10, Spain (% of GDP) .....	268
V.9.2. Main measures in the budget for 2007, Spain .....	268
V.9.3. Tax revenues in Spain. 1995–2006 .....	270
V.10.1. Main measures in the budget for 2007, France (% of GDP) .....	273
V.10.2. Main measures in the budget for 2007, France .....	274
V.10.3. Impact of discretionary measures .....	277
V.11.1. Budgetary developments 2005–11, Italy (% of GDP) .....	279
V.11.2. Main measures in the budget for 2007, Italy .....	280
V.12.1. Budgetary developments 2005–10, Cyprus (% of GDP) .....	283
V.12.2. Main measures in the budget for 2007, Cyprus .....	284
V.12.3. Composition of the fiscal adjustment in Cyprus .....	285
V.13.1. Budgetary developments 2005–09, Latvia (% of GDP) .....	287
V.13.2. Main measures in the budget for 2007, Latvia .....	288
V.14.1. Budgetary developments 2005–09, Lithuania (% of GDP) .....	290
V.14.2. Main measures in the budget for 2007, Lithuania .....	291
V.15.1. Budgetary developments 2005–09, Luxembourg (% of GDP) .....	293
V.15.2. Main measures in the budget for 2007, Luxembourg .....	293

V.16.1. Budgetary developments 2005–10, Hungary (% of GDP) .....	295
V.16.2. Main measures in the budget for 2007, Hungary .....	296
V.17.1. Budgetary developments 2005–10, Malta (% of GDP) .....	298
V.17.2. Main measures in the budget for 2007, Malta .....	298
V.18.1. Budgetary developments 2005–09, the Netherlands (% of GDP) .....	300
V.18.2. Main measures in the budget for 2007, the Netherlands .....	301
V.19.1. Budgetary developments 2005–10, Austria (% of GDP) .....	306
V.19.2. Main measures in the budget for 2007, Austria .....	307
V.20.1. Budgetary developments 2005–09, Poland (% of GDP) .....	309
V.20.2. Main measures in the budget for 2007, Poland .....	309
V.20.3. Volatility of tax elasticities in Poland .....	310
V.20.4. Volatility of tax revenues and tax bases in Poland .....	312
V.21.1. Budgetary developments 2005–10, Portugal (% of GDP) .....	314
V.21.2. Main measures in the budget for 2007, Portugal .....	315
V.22.1. Budgetary developments 2005–09, Romania (% of GDP) .....	320
V.22.2. Main measures in the budget for 2007, Romania .....	321
V.22.3. EU transfers available to Romania 2007–13 .....	321
V.22.4. Impact of EU transfers on the fiscal balance of Romania in 2007 .....	322
V.23.1. Budgetary developments 2005–09, Slovenia (% of GDP) .....	325
V.23.2. Main measures in the budget for 2007, Slovenia .....	326
V.24.1. Budgetary developments 2005–09, Slovakia (% of GDP) .....	328
V.24.2. Main measures in the budget for 2007, Slovakia .....	329
V.24.3. General government deficits with May 2004 convergence programme ceilings .....	329
V.24.4. Comparison of general government revenue and expenditure projections and outcomes .....	330
V.25.1. Budgetary developments 2005–10, Finland (% of GDP) .....	332
V.25.2. Main measures in the budget for 2007, Finland .....	333
V.26.1. Budgetary developments 2005–09, Sweden (% of GDP) .....	335
V.26.2. Main measures in the budget for 2007, Sweden .....	335
V.27.1. Budgetary developments 2005–06/2010–11, United Kingdom (% of GDP) .....	338
V.27.2. Main measures in the 2006 pre-budget report and the 2007 budget, United Kingdom .....	339
