

CONTENTS

Communication from the Commission	1
Chapter I: Introduction	11
Chapter II: Five years in the EU: achievements and experiences	15
Summary of main findings	17
1. Enlargement and the EU in the world	19
1.1. Milestones of the fifth Enlargement	19
1.2. Expectations regarding the fifth enlargement	21
1.3. EU economic governance	22
1.4. Challenges and opportunities for the new and old Member States and the EU as a whole	23
1.5. The enlarged EU in the global economy	25
1.6. An enhanced international role	27
2. Economic performance in an enlarged EU	30
2.1. Ex-ante estimates of the economic impact of enlargement	30
2.2. Closing the income gap	32
2.3. The quality of the catching-up	34
2.4. Economic Integration and macroeconomic stability: the underlying conditions for growth	37
3. Does the EU make a difference?	44
3.1. Economic integration in Asia	44
3.2. Catching-up in the new Member states and Asia	46
3.3. Similarities and differences in the growth model	48
3.4. Conclusion	53
Chapter III: Goods and services in an enlarged EU	55
Summary of main findings	57
1. Trade and catching-up	59
1.1. Trade and growth	59
1.2. Competitiveness	61
1.3. Geographical composition	62
1.4. Product composition	66
2. The functioning of the product markets in the recently acceded Member States	72
2.1. Shift towards a knowledge society	72
2.2. Overall evolution of competition	74
2.3. General governance of competition and regulatory policies	76
2.4. State aid	77
2.5. Competition in specific sectors	78
Chapter IV: Capital markets in an enlarged EU	85
Summary of main findings	87
1. Foreign direct investment and catching-up	89

1.1.	The role of FDI in enhancing the growth potential of the host economies	89
1.2.	Factors which drive FDI in the EU	93
1.3.	Possible relocation of production capacity and jobs	95
1.4.	The sectoral and regional dimensions	100
2.	Financial integration and financial sector development	104
2.1.	Financial sector development and integration	104
2.2.	Challenges of financial integration and development	110
Chapter V: The free movement of labour in an enlarged EU		117
Summary of main findings		119
1.	Changing labour market patterns in the enlarged European Union	120
1.1.	Better labour market performance in the old Member States	120
1.2.	Labour markets in the new Member States	121
2.	The opening of the borders and mobility	128
2.1.	Transitional arrangements for the free movement of workers	128
2.2.	Extent of intra-EU mobility after enlargement	128
2.3.	Main characteristics of intra-EU movers	133
2.4.	The impact of recent intra-EU migration	135
2.5.	Summary and conclusions	138
Chapter VI: Integrating in the EU or in the world?		141
Summary of main findings		143
1.	Economic integration, structural similarity and specialisation	144
2.	Business cycle synchronisation between new and old Member States: the empirical picture	147
3.	Estimating the relationship between synchronisation and economic integration	153
4.	Summary and conclusions	154
Chapter VII: Enlargement and the EU policy framework		157
Summary of main findings		159
1.	The Single Market	162
1.1.	Main lessons from the Single Market Review	162
1.2.	Degree of implementation of the Single Market in the new Member States	164
1.3.	Impact of enlargement on the Single Market	166
2.	The Lisbon strategy for growth and jobs	171
2.1.	New Member states and structural reform	171
2.2.	Lisbon strategy and new Member states	175
2.3.	The reform priorities in the new and old Member states	177
2.4.	Progress since the relaunch of the strategy	181
2.5.	Conclusions	181
3.	Fiscal surveillance	183
3.1.	Recent fiscal performance	183
3.2.	Safeguarding macro-financial stability	185
3.3.	Public investment and the quality of public finances	187
4.	Economic and Monetary Union	192

4.1.	Monetary and exchange rate arrangements in the "pre-ins"	192
4.2.	Progress in nominal convergence: 5 years on	193
4.3.	Challenges of the euro convergence process	197
4.4.	Conclusions	201
5.	The role of EU transfers	202
5.1.	Types and volumes of EU transfers	202
5.2.	Regional and cohesion policy	205
5.3.	Common Agricultural Policy	210

LIST OF TABLES

II.1.1.	The enlarged EU in the global economy, 2007	27
II.2.1.	Estimation results for beta-convergence in EU-27	33
II.2.2.	GDP growth and its main components	35
II.2.3.	Sectoral contributions to growth	35
II.2.4.	Sectoral contribution to growth in selected regions	36
II.2.5.	Production factors' contribution to growth	36
II.2.6.	Investment by asset type	37
II.2.7.	Trade patterns in the enlarged EU	38
III.1.1.	Average growth rates of trade volumes per region	59
III.1.2.	Export market shares of new and old Member States	63
III.1.3.	Geographical destination of exports of new Member States	64
III.1.4.	Geographical destination of exports of old Member States	65
III.1.5.	Breakdown of total exports by factor intensity	67
III.1.6.	Breakdown of manufacturing exports by technology intensity	68
III.1.7.	Export quality as measured by unit value ratios	71
III.2.1.	Total state aid	77
III.2.2.	State aid: sectoral and horizontal objectives	78
IV.1.1.	Correlation of average employment in manufacturing enterprises in the old and the new Member States, 1998-2007	99
IV.2.1.	Quality of institutions in the new Member States and in other developing countries, 1999-2008	110
IV.2.2.	Financial soundness indicators for the new Member States in 2004 and 2007	113
IV.2.3.	Fitch approach on banking system soundness for the new Member States in 2005 and 2008	114
V.2.1.	Member States' policies towards workers from the new Member States	129
V.2.2.	Main EU destination countries of recent intra-EU movers, 2007	131
V.2.3.	Employment by economic activity of recent movers from new to old Member States, 2007	135
V.2.4.	Employment by skills of recent movers from new to old Member States, 2007	135
V.2.5.	Medium-term economic effects of recent intra-EU mobility flows on receiving and sending Member States	137
VI.1.	Output composition in nominal terms	145
VI.2.	Output composition in real terms	146
VI.3.	Business cycle correlation: new Member States with old Member States aggregate	148

VI.4.	Business cycle correlation: new Member States with the US	149
VI.5.	Leads and lags of new Member States' business cycles versus old Member States and the US	150
VI.6.	Volatility of new Member States' cycles	150
VI.7.	Persistence of cycles in the new Member States	151
VI.8.	Correlation of expenditure components in new Member States with old Member states	152
VI.9.	Correlation of sectoral output cycles in new Member States with old Member states	153
VI.10.	Determinants of synchronisation: model results	154
VII.1.1.	Mergers and acquisitions in the new and old Member States classified by region of bidding firm, 2000-2007	167
VII.1.2.	Sectoral classification of mergers and acquisitions in old and new Member States, 1998-2007	168
VII.2.1.	Evidence on post-enlargement reform fatigue from different reform indicators	173
VII.3.1.	Budget balances in the new Member States	184
VII.3.2.	Volatility in fiscal variables, 2004-2008	186
VII.3.3.	Growth and the quality of public finances: selected indicators for the EU Member States, 2004-08	188
VII.4.1.	Monetary policy regimes in the new Member States	193
VII.5.1.	Absorption rates in programming period 2000-2006	207

LIST OF GRAPHS

II.1.1.	Support for enlargement, Autumn 2002	21
II.1.2.	Opinions on enlargement	22
II.1.3.	The EU after enlargement in perspective	26
II.2.1.	Per capita GDP in the EU	32
II.2.2.	Sigma-convergence in the EU	33
II.2.3.	Regional disparities and per capita GDP in 1995-2005	34
II.2.4.	Inward FDI in the new and old Member States	38
II.2.5.	Output gaps in the enlarged EU	38
II.2.6.	FDI stocks in the new Member States and economic growth of selected old Member States	39
II.2.7.	Trade with the new Member States and economic growth of the old Member States	39
II.2.8.	Nominal convergence in the enlarged EU	42
II.2.9.	Sacrifice ratios in the old and new Member States	42
II.3.1.	Real GDP growth in selected Asian countries during and after the 1997 Asian crisis	48
II.3.2.	Real GDP growth in the new Member States, 2007-2009	48
II.3.3.	Catching-up in the new Member States and Southeast Asia, 1999-2008	48
II.3.4.	Real GDP growth and its composition in the new Member States and Southeast Asia, 2003-2007	49
II.3.5.	Savings and investment in the new Member States and Southeast Asia	50
II.3.6.	Intra-regional trade in the new Member States and Southeast Asia	50
II.3.7.	Bertelsmann Transformation Index for the new Member States and Southeast Asia	52
III.1.1.	The importance of intra and extra-EU trade in goods for new and old Member States	60

III.1.2.	Member States' openness ratios and real GDP growth, 1996-2007	61
III.1.3.	Real effective exchange rates and their components	62
III.1.4.	Export market share after EU accession (extra-EU)	63
III.1.5.	Shifts of export destinations from a single old Member State, 1999-2007	64
III.1.6.	Shifts of export destinations from a single new Member State, 1999-2007	65
III.1.7.	Trade balance of old Member States in 1999-2007	66
III.1.8.	Trade balance of new Member States in 1999-2007	66
III.1.9.	New Member States: export market share by factor intensity	69
III.1.10.	Old Member States: export market share by factor intensity	69
III.1.11.	New Member States: export market share by technology intensity	69
III.1.12.	Old Member States: export market share by technology intensity	70
III.2.1.	Employment in high-tech manufacturing and knowledge-intensive high- technology services	72
III.2.2.	Exports of high technology products	72
III.2.3.	The European Innovation Scoreboard	73
III.2.4.	European Patent Office applications	73
III.2.5.	Tertiary graduates in science and technology	74
III.2.6.	Perceived development of competition	75
III.2.7.	Incidence and change of business constraints	75
IV.1.1.	Importance of inward FDI in host economy investment	90
IV.1.2.	The role of services in foreign direct investment in the EU	92
IV.1.3.	Inward FDI in the new Member States according to its origin	93
IV.1.4.	Inward FDI in the new Member States and possible macroeconomic factors of relocation	94
IV.1.5.	The ease of doing business and FDI in the EU Member States	95
IV.1.6.	Intermediate imports by old Member States from selected country groups	99
IV.1.7.	Domestic demand in the old Member States and income from FDI in the new Member States	100
IV.1.8.	The sectoral concentration of inward FDI	101
IV.1.9.	The FDI stock and regional GDP dispersion in the EU	102
IV.2.1.	Structure of financial markets in the Member States, 2008	104
IV.2.2.	Total bank credit to the non-financial private sector	106
IV.2.3.	Concentration of the banking sector in the new Member States, 2001- 2007	106
IV.2.4.	Foreign ownership in the banking sector in the new Member States	106
IV.2.5.	Stock market liquidity, 2000-2007	107
IV.2.6.	Structure of the debt securities markets, 2006	107
IV.2.7.	Distribution of total financial assets, 2007	107
IV.2.8.	Lending and deposit rate spreads, 1998-2008	108
IV.2.9.	Convergence of interest rates, 1999-2008	108
IV.2.10.	External assets and liabilities of the new Member States, 2000-2007	108
IV.2.11.	Loans to private sector in 2004 and 2008	111
IV.2.12.	Loans to households by purpose in 2004 and 2008	112
IV.2.13.	Foreign currency denominated loans to households and corporations in 2004 and 2007	112
IV.2.14.	External loans of BIS reporting banks in 2004 and 2008	112
IV.2.15.	Claims of selected old Member States on new Member States, 2004- 2008	113
IV.2.16.	Private savings/investment balance and net lending/borrowing in 2004 and 2008	114
IV.2.17.	Private consumption and private investment in 2004 and 2008	115
V.1.1.	Harmonised unemployment rates in the EU, 2000 and 2007	121

V.1.2.	Employment and GDP growth	122
V.1.3.	Labour market performance in the old Member States, 1995-2007	123
V.1.4.	Labour market performance in the new Member States, 1990-2007	124
V.1.5.	Overall employment rates in the new Member States	125
V.1.6.	Employment by age and skill level	125
V.1.7.	Job vacancy rate in the new Member States, 2005 and 2007	126
V.1.8.	Nominal unit labour costs and its components	127
V.2.1.	Nationality of recent intra-EU movers, 2007	129
V.2.2.	Recent intra and extra EU movers and the resident population	131
V.2.3.	Mobility rates by sending country, 2007	132
V.2.4.	Inflow of workers from the new Member States to the UK	132
V.2.5.	Inflow of workers from the new Member States to Ireland	133
V.2.6.	Socio-economic breakdown of recent movers from new Member States to old Member States	134
V.2.7.	Educational attainment of recent movers, 2006	134
V.2.8.	Workers' remittances (incl. compensation of employees), 2006	137
VI.1.	Trade specialisation	146
VI.2.	Average rolling business cycle correlations between old and new Member States	149
VI.3.	Individual rolling business cycle correlations between old and new Member States	149
VI.4.	Rolling correlations of demand components in new and old Member States	151
VI.5.	Rolling correlations of sectoral output in new and old Member States	153
VII.1.1.	Market integration in the new Member States	163
VII.1.2.	Transposition deficit	165
VII.1.3.	Value of public procurement which is openly advertised	166
VII.1.4.	Price convergence between EU Member States	168
VII.1.5.	Price convergence: Comparative changes in price levels over time, 1996-2007	169
VII.2.1.	Fraser index of regulation in product, labour and financial markets	172
VII.2.2.	Share of Member States underperforming in a policy area	177
VII.2.3.	Policies in the employment and micro pillar	180
VII.2.4.	Clusters of countries: performance in policy areas	180
VII.2.5.	Progress in Lisbon strategy: average scores for a set of headline indicators	181
VII.3.1.	Structural budget balances in the new Member States	185
VII.3.2.	Public investment, 2004-08	187
VII.3.3.	Public debt, 2004-08	188
VII.4.1.	Inflation criterion in the new Member States	195
VII.4.2.	General government balance and debt in the new Member States	195
VII.4.3.	Euro exchange rates of the new Member States	196
VII.4.4.	The interest rate criterion in the new Member States	196
VII.4.5.	Catching-up and price level convergence in the new Member States	199
VII.4.6.	Income and price level convergence at euro entry in convergence countries	199
VII.4.7.	Sovereign debt ratings in the new Member States, 2000-2008	200
VII.4.8.	Real short-term interest rates in the new Member States	201
VII.5.1.	Total transfers to the Member States in 2007	203
VII.5.2.	Regional distribution of EU transfers, 2007-2013	204
VII.5.3.	Phasing-in of funds in the area of cohesion for growth and jobs	204
VII.5.4.	EU budget expenditure for direct payments and rural development in the new Member States, 2007-2013	204

VII.5.5.	Net EU transfers and GDP per capita in 2007	205
VII.5.6.	Structural funds (ERDF and ESF): absorption in 2004-2008	208
VII.5.7.	Real agricultural income development in selected Member States, 2000-2007	211

LIST OF BOXES
