

# CONTENTS

Overview	1
Chapter 1: Economic developments at the aggregated level	7
1. The global recession: How bad, how long?	9
2. Financial markets stabilised but sizeable vulnerabilities remain	17
3. EU faces a deep and widespread recession	23
4. Unemployment increases sharply	33
5. Disinflation continues ahead	36
6. Deficits and debt to rise strongly	40
7. Considerable uncertainty remains	46
Chapter 2: Member States	49
1. Belgium: Double-digit unemployment and triple-digit public debt in sight	50
2. Bulgaria: Vanishing budgetary surplus, external deficit remains large	52
3. The Czech Republic: Output falls sharply driven by collapse in external demand	54
4. Denmark: Strong increase in unemployment from record lows	56
5. Germany: Export dependency driving slump and conditioning recovery	58
6. Estonia: Adjusting to face gloomier years	61
7. Ireland: Strong budgetary deterioration hampers adjustment	63
8. Greece: Persistent and large structural imbalances take their toll	65
9. Spain: Imbalances hamper recovery	67
10. France: Relatively resilient private consumption, rapidly deteriorating public finances	70
11. Italy: Manufacturing hit hard by collapse in global demand	73
12. Cyprus: Public finances deteriorating, large external deficit	76
13. Latvia: Domestic demand and trade implode	78
14. Lithuania: Deepening recession leads to wider fiscal deficits	80
15. Luxembourg: This time, not spared by the general hardship	82
16. Hungary: Domestic financial crisis magnifies recession	84
17. Malta: Tourism badly hit but investment holds up	86
18. The Netherlands: Suffering from fall in world trade	88
19. Austria: Private consumption and fiscal support cushion the downturn	91
20. Poland: Mild recession knocking at the door	93
21. Portugal: Protracted downturn	96
22. Romania: Growth contracts sharply	98
23. Slovenia: Sharp falls in exports and investment point to competitiveness challenges	100
24. Slovakia: Global downturn weighs on exports	102
25. Finland: Exports bear the brunt of the downturn	104
26. Sweden: Unemployment rising, public finances deteriorating	106
27. The United Kingdom: Deep recession poses severe challenge to public finances	108

Chapter 3: Candidate Countries	111
1. Croatia: A declining economy creates important fiscal challenges	112
2. The former Yugoslav Republic of Macedonia: Joining the general trend ... albeit with a delay	114
3. Turkey: Manufacturing faltering as exports decline	116
Chapter 4: Other non-EU Countries	119
1. The United States of America: Private frugality and public largesse	120
2. Japan: Prolonged recession despite massive fiscal packages	122
3. China: Still resilient and contributing most to world growth	124
4. EFTA: The seven good years are over	126
5. Russian Federation: The first recession in a decade	128
Statistical Annex	131

## LIST OF TABLES

1.	Main features of the spring 2009 forecast - EU	3
2.	Main features of the spring 2009 forecast - euro area	4
1.1.1.	International environment	11
1.3.1.	Composition of growth in 2008 - EU	24
1.3.2.	Composition of growth - EU	24
1.3.3.	Composition of growth - euro area	25
1.3.4.	Decomposition of the GDP growth forecast	26
1.4.1.	Labour market outlook - euro area and EU	33
1.5.1.	Inflation outlook - euro area and EU	36
1.6.1.	General government budgetary position - euro area and EU	40
1.6.2.	Euro area - Debt dynamics	42
2.1.1.	Main features of country forecast - BELGIUM	51
2.2.1.	Main features of country forecast - BULGARIA	53
2.3.1.	Main features of country forecast - THE CZECH REPUBLIC	55
2.4.1.	Main features of country forecast - DENMARK	57
2.5.1.	Main features of country forecast - GERMANY	60
2.6.1.	Main features of country forecast - ESTONIA	62
2.7.1.	Main features of country forecast - IRELAND	64
2.8.1.	Main features of country forecast - GREECE	66
2.9.1.	Main features of country forecast - SPAIN	69
2.10.1.	Main features of country forecast - FRANCE	72
2.11.1.	Main features of country forecast - ITALY	75
2.12.1.	Main features of country forecast - CYPRUS	77
2.13.1.	Main features of country forecast - LATVIA	79
2.14.1.	Main features of country forecast - LITHUANIA	81
2.15.1.	Main features of country forecast - LUXEMBOURG	83
2.16.1.	Main features of country forecast - HUNGARY	85
2.17.1.	Main features of country forecast - MALTA	87
2.18.1.	Main features of country forecast - THE NETHERLANDS	90
2.19.1.	Main features of country forecast - AUSTRIA	92
2.20.1.	Main features of country forecast - POLAND	95

2.21.1.	Main features of country forecast - PORTUGAL	97
2.22.1.	Main features of country forecast - ROMANIA	99
2.23.1.	Main features of country forecast - SLOVENIA	101
2.24.1.	Main features of country forecast - SLOVAKIA	103
2.25.1.	Main features of country forecast - FINLAND	105
2.26.1.	Main features of country forecast - SWEDEN	107
2.27.1.	Main features of country forecast - THE UNITED KINGDOM	110
3.1.1.	Main features of country forecast - CROATIA	113
3.2.1.	Main features of country forecast - THE FORMER YUGOSLAV REPUBLIC OF MACEDONIA	115
3.3.1.	Main features of country forecast - TURKEY	117
4.1.1.	Main features of country forecast - THE UNITED STATES	121
4.2.1.	Main features of country forecast - JAPAN	123
4.3.1.	Main features of country forecast - CHINA	125
4.4.1.	Main features of country forecast - EFTA	127
4.5.1.	Main features of country forecast - RUSSIA	129

## LIST OF GRAPHS

1.1.1.	Output growth in non-EU economies, % ch. in PPP	9
1.1.2.	Imports of goods by region	10
1.1.3.	Nominal Effective Exchange Rate % ch. from 01/01/2008 to 31/03/2009	10
1.1.4.	Short-term indicators of world trade, yoy% 3mma.	13
1.1.5.	Contributions to non-EU GDP growth	14
1.2.1.	3-Month interest rate spreads - Euribor/Libor interbank rates over overnight interest rate swaps (OIS)	17
