<b>Abstract.....</b>	<b>23</b>
<b>Summary and main findings .....</b>	<b>24</b>
1. Introduction	24
2. Overview of pension systems	27
2.1. Coverage of the pension projections	27
2.2. Summary of pension systems' main characteristics	28
2.3. Indexation rules and sustainability factors	31
2.4. Retirement and exit age from the labour market	33
3. Pension expenditure projections	34
3.1. Public pensions	34
3.2. Private pensions	37
3.3. Drivers of pension expenditure	37
3.4. Sensitivity of the projection results	39
3.5. Comparison with the 2006 round of projections	41
<b>Belgium.....</b>	<b>44</b>
1. Overview of the pension system	44
1.1. Description of the Belgian pension system	44
1.2. Reforms of the pension system included in the projections	48
1.3. Unchanged legislation and/or unchanged policy	49
2. Pension expenditure projections	49
2.1. Overview of projection results	49
2.2. Description of the main driving forces behind the projection results	51
2.3. Sensitivity analysis	55
2.4. Description of the changes in comparison with the 2001 and 2006 projections	57
<b>Bulgaria.....</b>	<b>59</b>
1. Overview of the pension system	59
1.1. The public system of mandatory pension schemes of pay-as-you-go type (I pillar)	59
1.2. Supplementary mandatory pension insurance (II pillar)	63
1.3. Supplementary voluntary pension insurance (III pillar)	64
2. Pension expenditure projections	65
2.1. Extent of the coverage of the pension schemes in the projections	66
2.2. Overview of projection results	68
2.3. Description of main driving forces behind the projection results and their implications for main items from a pension questionnaire	69
2.4. Sensitivity analysis	73
<b>Czech Republic .....</b>	<b>75</b>
1. Overview of the pension system	75
1.1. Mandatory PAYG system	75
1.2. Pension calculations	76
1.3. Main recent reform measures	77
1.4. Voluntary fully funded private system	78
2. Pension expenditure projections	79
2.1. Extent of the coverage of the pension schemes	79
2.2. Overview of projection results	79
2.3. Main driving forces behind the projection results	80
2.4. Sensitivity analysis	82
2.5. Comparison with the 2006 projections	83
<b>Denmark.....</b>	<b>85</b>
1. Overview of the pension system	85
1.1. First Pillar Pensions	85
1.2. Second Pillar Pensions	86

1.3.	Third Pillar Pensions	87
1.4.	Taxation of pensions	87
1.5.	Recent reforms of the pension system	88
2.	Pension expenditure projections	90
2.1.	Extent of the coverage of the pension schemes in the projections	90
2.2.	Overview of projection results	90
2.3.	Description of the main driving forces behind the projection results	91
2.4.	Sensitivity analysis	94
2.5.	Description of the changes in comparison with the 2001 and 2006 projections	95
<b>Germany.....</b>		<b>96</b>
1.	Overview of the pension system	96
1.1.	Introduction	96
1.2.	Calculation of pension and indexation of pensions	96
1.3.	Contribution rate	97
1.4.	Latest reforms	98
2.	Pension expenditure projections	98
2.1.	Extent of the coverage of pension schemes in the projection	98
2.2.	Overview of the projection results	98
2.3.	Description of main driving forces	99
2.4.	Sensitivity analysis	102
2.5.	Description of the changes in comparison with the 2001 and 2006 projections	102
<b>Estonia .....</b>		<b>104</b>
1.	Overview of the pension system	104
2.	Pension expenditure projections	106
2.1.	Extent of the coverage of the pension schemes in the projections	106
2.2.	Overview of projection results	107
2.3.	Description of main driving forces behind the projection results and their implications for main items from a pension questionnaire	107
2.4.	Sensitivity analysis	109
2.5.	Description of the changes in comparison with the 2001 and 2006 projections	110
<b>Ireland .....</b>		<b>112</b>
1.	Overview of the pension system	112
1.1.	Introduction	112
1.2.	Overview of the Irish Pension System	112
1.3.	Social Security Pensions	113
1.4.	Public Service Pensions	113
1.5.	National Pensions Reserve Fund (NPRF)	114
2.	Pension expenditure projections	114
2.1.	Coverage of the Projections Exercise	114
2.2.	Overview of the Projection Results	115
2.3.	Driving Forces behind the Projection Results	116
2.4.	Sensitivity Analysis	118
2.5.	Description of changes in comparison with the 2001 and 2006 Pension Projection Exercises	119
<b>Greece.....</b>		<b>121</b>
1.	Overview of the pension system	121
1.1.	Introduction	121
1.2.	Overview of the pension system	121
2.	Pension expenditure projections	127
2.1.	Extent of the coverage of the pension schemes in the projections	127
2.2.	Overview of projection results	127
2.3.	Description of main driving forces behind the projection results and their implications for main items from a pension questionnaire	130
2.4.	Sensitivity analysis	133
2.5.	Description of the changes in comparison with the 2001 projection	134

<b>Spain .....</b>	<b>135</b>
1. Overview of the pension system	135
1.1. Description	135
1.2. Main pension formulas (old-age, disability and survivors' pensions). Indexation.	136
1.3. Recent reforms of the pension system included in the projections	138
1.4. Description of the effective constant policy in the projection	140
2. Pension expenditure projections	140
2.1. Coverage of the pension schemes in the projections	140
2.2. Contributory Public Pensions (including minimum pensions)	140
2.3. Non-contributory Public Pensions	141
2.4. Private pensions	141
