

CONTENTS

Executive Summary	1
Introduction	5
Part I: Horizontal analysis - Trends in competitiveness and impact of the crisis	7
1. Competitiveness in the euro area: pre-crisis trends (1998-2007)	8
2. Developments in competitiveness and external performance during the crisis	12
3. Explaining recent developments: a look at the underlying drivers	18
4. Underlying domestic macroeconomic imbalances	23
5. Competitiveness adjustment within the euro area	27
Part II: Overall Assessment and Policy Implications	35
1. Overall competitiveness assessment	36
2. Policy implications	38
Part III: Competitiveness Developments In Euro-Area Countries	47
1. Belgium	49
2. Germany	54
3. Ireland	60
4. Greece	66
5. Spain	72
6. France	78
7. Italy	83
8. Cyprus	89
9. Luxembourg	95
10. Malta	100
11. Netherlands	105
12. Austria	110
13. Portugal	116
14. Slovenia	122
15. Slovakia	127
16. Finland	131
Annexes	137
A. Statistical Appendix	138

LIST OF TABLES

I.2.1.	Current account composition (in % of GDP)	14
I.3.1.	Net lending and borrowing by sector, euro-area Member States (change 2007-09, percentage points of GDP)	20
I.5.1.	Selected structural indicators, euro area countries	34
II.2.1.	Synopsis of country-specific competitiveness developments and challenges (I)	45
II.2.2.	Synopsis of country-specific competitiveness developments and challenges (II)	46
III.3.1.	Geographical distribution of Ireland's external trade	63
III.9.1.	Luxembourg and neighbours: wages, productivity and unit labour costs (2001 - 2008)	97
III.12.1.	Austria's outward FDI position in CESEE in 2007	113
III.12.2.	Sector structure of Austrian outward FDI - all countries in 2007	114
A.1.	BELGIUM - Indicators related to competitiveness (% of GDP unless otherwise indicated)	138
A.2.	GERMANY - Indicators related to competitiveness (% of GDP unless otherwise indicated)	139
A.3.	IRELAND - Indicators related to competitiveness (% of GDP unless otherwise indicated)	140
A.4.	GREECE - Indicators related to competitiveness (% of GDP unless otherwise indicated)	141
A.5.	SPAIN - Indicators related to competitiveness (% of GDP unless otherwise indicated)	142
A.6.	FRANCE - Indicators related to competitiveness (% of GDP unless otherwise indicated)	143
A.7.	ITALY - Indicators related to competitiveness (% of GDP unless otherwise indicated)	144
A.8.	CYPRUS - Indicators related to competitiveness (% of GDP unless otherwise indicated)	145
A.9.	LUXEMBOURG - Indicators related to competitiveness (% of GDP unless otherwise indicated)	146
A.10.	MALTA - Indicators related to competitiveness (% of GDP unless otherwise indicated)	147
A.11.	NETHERLANDS - Indicators related to competitiveness (% of GDP unless otherwise indicated)	148
A.12.	AUSTRIA - Indicators related to competitiveness (% of GDP unless otherwise indicated)	149
A.13.	PORTUGAL - Indicators related to competitiveness (% of GDP unless otherwise indicated)	150
A.14.	SLOVENIA - Indicators related to competitiveness (% of GDP unless otherwise indicated)	151
A.15.	SLOVAKIA - Indicators related to competitiveness (% of GDP unless otherwise indicated)	152
A.16.	FINLAND - Indicators related to competitiveness (% of GDP unless otherwise indicated)	153

LIST OF GRAPHS

I.1.1.	Intra-area real effective exchange rate developments, based on GDP deflator, euro-area countries (1998-2007, 1998=100)	8
I.1.2.	Intra-area real effective exchange rates developments, based on export prices, euro-area countries (1998-2007, 1998=100)	9
I.1.3.	Export growth, euro-area countries (annual average growth rate in %, 1998-2007)	9
I.1.4.	Current account position in 1998 and changes between 1998 and 2007, euro-area countries (% of GDP)	10
I.1.5.	Net foreign asset position, euro-area countries (in percent of GDP)	10
I.2.1.	Intra-area real effective exchange rate developments, euro-area countries (change 2007-09, in %)	12
I.2.2.	Exports, export markets and market shares, euro-area countries (change 2007-2009, in %)	13
I.2.3.	Market share changes, euro-area countries (annual average growth rate in %)	13
I.2.4.	Changes in current accounts, euro-area countries (% of GDP)	14
I.2.5.	Change in the current account between 2007 and 2009 and its position in 2007, euro-area countries (% of GDP)	14
I.2.6.	Net foreign asset positions, euro-area countries (% of GDP)	15
I.3.1.	Changes in domestic demand and in the trade balance, euro-area countries (change between 2007-09)	18
I.3.2.	Changes in exports and in the trade balance, euro-area countries (change between 2007-09)	18
I.3.3.	Share of capital and consumption goods in total exports of goods, euro-area countries (2007, in %)	19
I.3.4.	Changes in ULC and its components relative to pre-crisis trends, euro-area countries (percentage points)	20
I.3.5.	Shocks to GDP and employment during the crisis, euro-area countries (percentage points)	21
I.3.6.	Growth in hours worked per person employed, euro-area countries (average annual change in %, 2008-09)	21
I.4.1.	Real house prices, euro-area countries (annual growth in %)	23
I.4.2.	Credit growth, euro-area countries (change in y-o-y growth Jan. 2008-Jan. 2010)	24
I.4.3.	Corporate leverage, euro-area countries (2008, in %)	25
I.4.4.	Potential growth, euro-area countries (average annual growth in %)	25
I.4.5.	Changes in corporate profitability, euro-area countries (2004-07, in percentage points)	26
I.4.6.	Changes in current account and unemployment, euro-area countries	26
I.5.1.	Asymmetries in the response of competitiveness to the business cycle, euro-area countries	29
I.5.2.	Micro evidence on nominal and real wage rigidities, euro-area countries	30
I.5.3.	Employment growth in the non-tradable sector relative to the tradable sector, euro-area countries (2001-07 in %)	31
III.1.1.	Evolution of the current account balance (% of GDP)	49
III.1.2.	Real effective exchange rate using different deflators (2000 = 100)	50
III.1.3.	Nominal unit labour costs (2000=100)	51
III.1.4.	Compensation/employee (2000=100)	52
III.2.1.	Growth of exports and REER	54
III.2.2.	Degree of openness (% of GDP)	54
III.2.3.	Direction of trade (% of total exports)	55
III.2.4.	Structure of trade (RCA for all exports (vs. world))	55
III.2.5.	REER vs. rest of euro area	56

III.2.6.	Corporate profitability (Gross operating surplus/Gross value added (%))	56
III.2.7.	Financial account (% of GDP)	57
III.2.8.	Net lending (+) / borrowing (-) (% of GDP)	57
III.3.1.	Nominal and real (based on ULC) effective exchange rates (1995=100)	61
III.3.2.	USD/EUR, GBP/EUR and Ireland's nominal effective exchange rate (1995=100)	64
III.4.1.	Current account balance (% of GDP)	69
III.4.2.	Net lending (+) / Net borrowing (-): Sectoral breakdown (% of GDP)	69
III.5.1.	REER based on ULC (total economy, 1999=100)	73
III.5.2.	Current account balance in Spain (% of GDP)	74
III.5.3.	Net lending (+) / Net borrowing (-). Sectoral breakdown (% of GDP)	75
III.5.4.	Net financial transactions with the rest of the world. Sectoral breakdown (% of GDP)	75
III.6.1.	Openness of EU economies, 2008 (exports and imports as a % of GDP)	78
III.6.2.	Evolution of the current account balance and its main components	78
III.6.3.	REER (vs. 35 IC) based on export price deflator (2000=100)	80
III.6.4.	REER (vs. 35 IC) based on ULC (2000=100)	80
III.7.1.	Terms of trade and current account balances	83
III.7.2.	Export performance	84
III.7.3.	REER based on ULC and the gross operating surplus in the corporate sector	85
III.8.1.	REER - Cyprus vs. euro area, NEER - Cyprus vs. 40 industrial countries (2000=100)	90
III.8.2.	Wages – Productivity, Cyprus vs. euro area (2000=100)	90
III.8.3.	Current account balance (% of GDP)	92
III.8.4.	Net lending (+) /net borrowing (-) broad sectoral breakdown (% of GDP)	92
III.9.1.	Luxembourg's share in total euro-area exports (in %)	95
III.9.2.	Luxembourg: real effective exchange rate indicators (2000 = 100) (IC36)	96
III.9.3.	Luxembourg and euro-area yearly % increase in wages and productivity (in %)	97
III.10.1.	Developments in Malta's external account, 1995-2011	100
III.10.2.	Change in Malta's exports market share, 1995-2007	102
III.11.1.	Relative export performance of the Netherlands (net exports of goods and services as a percentage of GDP)	105
III.11.2.	Real effective exchange rates versus IC 35 (2000=100)	106
III.11.3.	Relative unit labour costs and wage developments in the Netherlands	107
III.12.1.	Total exports by region (billion €)	110
III.12.2.	Total imports by region (billion €)	110
III.12.3.	Nominal compensation per employee in manufacturing (annual % change-until 1995 West Germany)	112
III.12.4.	Current account in % of GDP	112
III.12.5.	Real effective exchange rates compared with rest of euro area	112
III.12.6.	: Real effective exchange rates compared with 35 trading partners	112
III.13.1.	Trade performances in Portugal, euro area and EU averages (2000=100)	116
III.13.2.	Export performances: goods versus services (2000=100)	117
III.13.3.	Real effective exchange rates vs. the euro area and IC35 (2000=100)	118
III.13.4.	A long-term view of Portugal's external account (% of GDP)	119
III.14.1.	Evolution of the current account balance (% of GDP)	122
III.14.2.	Real effective exchange rate (based on ULC in the total economy)	123
III.14.3.	Wage and productivity developments	125
III.15.1.	Regional composition of exports in 1997	127
III.15.2.	Regional composition of exports in 2008	127
III.15.3.	Effective exchange rates (2000=100)	128
III.15.4.	Current account balance (% of GDP)	128
III.15.5.	Monthly REER vs. IC35 (HICP, 1999=100)	129
III.16.1.	Trade balance and current account balance (% of GDP)	131
III.16.2.	Change in export structure (% share of total)	132

III.16.3.	Real effective exchange rates (2000 = 100)	132
III.16.4.	Nominal unit labour costs, industry breakdown	134

LIST OF BOXES

I.2.1.	The external financing of current account deficits during the financial crisis	16
I.5.1.	Assessing competitiveness adjustment needs on the basis of equilibrium exchange rate estimates	28
