Overview	1
<b>PART I: Economic developments at the aggregated level</b>	<b>5</b>
1. The EU economy: a gradual recovery	7
1.1. Out of recession	7
1.2. The road ahead	8
1.3. Uncertainty remains high	26
1.4. Economic challenges	27
2. The financial sector in the EU and its link to the real economy	30
2.1. Introduction	30
2.2. Shock transmission between the financial and the non-financial sector during a financial crisis	31
2.3. Balance-sheet repair in the banking sector	34
2.4. Bank lending and real economic activity	37
3. Global imbalances still casting a shadow	48
3.1. Introduction	48
3.2. Stylised developments	49
3.3. Is the adjustment durable?	54
3.4. Two scenarios	55
<b>PART II: Prospects by individual economy</b>	<b>63</b>
Member States	65
1. Belgium: Back on track for a gradual recovery?	66
2. Bulgaria: Correcting imbalances in a difficult environment	69
3. The Czech Republic: Improving external conditions support the recovery	72
4. Denmark: Domestic demand drives the recovery	75
5. Germany: Domestic demand eventually driving the recovery	78
6. Estonia: Re-balancing the economy	82
7. Ireland: Adjusting for recovery	85
8. Greece: Deep but inevitable adjustment	88
9. Spain: Subdued recovery amidst lower imbalances	91
10. France: Edging towards recovery	95
11. Italy: The recovery slowly gains strength	99
12. Cyprus: Economic adjustment amid imbalances	103
13. Latvia: After the collapse in 2009, stabilisation is in sight	106
14. Lithuania: A fragile recovery follows a major adjustment	109
15. Luxembourg: The recession is over but will the country regain the exceptional dynamism of the past?	112
16. Hungary: On its way towards a sustainable growth path?	114
17. Malta: Exports and investment drive the recovery	117
18. The Netherlands: Domestic demand dampening recovery	120
19. Austria: Gradual, but steady recovery	123
20. Poland: Leading the pack in the recovery phase	126
21. Portugal: Modest recovery ahead	129
22. Romania: Increased stability nurtures a nascent economic recovery	132

23. Slovenia: Trade leads the recovery, followed by domestic demand	135
24. Slovakia: Moderate growth ahead	138
25. Finland: Recovery taking hold after a record fall in GDP	141
26. Sweden: Consumption-led recovery helps reducing fiscal deficit	144
27. The United Kingdom: Fragile recovery in the face of headwinds	147
Candidate Countries	151
28. Croatia: Another critical year ahead, after severe recession	152
29. The former Yugoslav Republic of Macedonia: A mild recession, followed by a mild recovery	155
30. Turkey: A solid recovery after a severe contraction	157
Other non-EU Countries	161
31. The United States of America: Settling into subdued recovery mode	162
32. Japan: Recovery on the back of rising exports	165
33. China: Fighting the negative consequences of very loose monetary policies	168
34. EFTA: Past the crisis	171
35. Russian Federation: Seemingly V-shaped recovery has started	174
Statistical Annex	179

## LIST OF TABLES

I.1.1.	International environment	9
I.1.2.	Decomposition of the GDP growth forecast	13
I.1.3.	Main features of the spring 2010 forecast - EU	15
I.1.4.	Main features of the spring 2010 forecast - euro area	16
I.1.5.	Euro-area debt dynamics	25
I.2.1.	GDP and bank lending to the private sector in EU Member States	40
I.3.1.	Current-account balance for major countries	52
II.1.1.	Main features of country forecast - BELGIUM	68
II.2.1.	Main features of country forecast - BULGARIA	71
II.3.1.	Main features of country forecast - THE CZECH REPUBLIC	74
II.4.1.	Main features of country forecast - DENMARK	77
II.5.1.	Main features of country forecast - GERMANY	81
II.6.1.	Main features of country forecast - ESTONIA	84
II.7.1.	Main features of country forecast - IRELAND	87
II.8.1.	Main features of country forecast - GREECE	90
II.9.1.	Main features of country forecast - SPAIN	94
II.10.1.	Main features of country forecast - FRANCE	98
II.11.1.	Main features of country forecast - ITALY	102
II.12.1.	Main features of country forecast - CYPRUS	105
II.13.1.	Main features of country forecast - LATVIA	108
II.14.1.	Main features of country forecast - LITHUANIA	111
II.15.1.	Main features of country forecast - LUXEMBOURG	113
II.16.1.	Main features of country forecast - HUNGARY	116
II.17.1.	Main features of country forecast - MALTA	119
II.18.1.	Main features of country forecast - THE NETHERLANDS	122

II.19.1.	Main features of country forecast - AUSTRIA	125
II.20.1.	Main features of country forecast - POLAND	128
II.21.1.	Main features of country forecast - PORTUGAL	131
II.22.1.	Main features of country forecast - ROMANIA	134
II.23.1.	Main features of country forecast - SLOVENIA	137
II.24.1.	Main features of country forecast - SLOVAKIA	140
II.25.1.	Main features of country forecast - FINLAND	143
II.26.1.	Main features of country forecast - SWEDEN	146
II.27.1.	Main features of country forecast - THE UNITED KINGDOM	150
II.28.1.	Main features of country forecast - CROATIA	154
II.29.1.	Main features of country forecast - THE FORMER YUGOSLAV REPUBLIC OF MACEDONIA	156
II.30.1.	Main features of country forecast - TURKEY	159
II.31.1.	Main features of country forecast - THE UNITED STATES	164
II.32.1.	Main features of country forecast - JAPAN	167
II.33.1.	Main features of country forecast - CHINA	170
II.34.1.	Main features of country forecast - EFTA	173
II.35.1.	Main features of country forecast - RUSSIA	176

## LIST OF GRAPHS

I.1.1.a.	Comparison of recoveries, current against past average - GDP, euro area	7
I.1.1.b.	Comparison of recoveries, current against past average - exports and domestic demand, euro area	7
I.1.2.	World trade and PMI global manufacturing output	10
I.1.3.	Global demand, EU exports and new export orders	12
I.1.4.a.	Economic Sentiment Indicator and PMI composite index, EU	13
I.1.4.b.	Economic climate tracer - industry, EU	13
I.1.4.c.	Economic climate tracer - services, EU	13
I.1.4.d.	Economic climate tracer - consumers, EU	13
I.1.5.	Quarterly GDP profile	14
I.1.6.a.	Stock market performance	14
