

INVITED PAPER

- 1 S. Tyekucheva • F. Chiaromonte
Augmenting the bootstrap to analyze high dimensional genomic data

DISCUSSION

- 19 B. Li (comment)
22 L. Li (comment)
25 K. Strimmer (comment)
28 J. Schäfer (comment)
31 A.-L. Boulesteix • A. Kondylis • N. Krämer (comment)
36 S. Keleş • H. Chun (comment)
40 W. González-Manteiga • R.M. Crujeiras (comment)
43 G.J. McLachlan • K. Wang • S.K. Ng (comment)
47 S. Tyekucheva • F. Chiaromonte (rejoinder)

ORIGINAL PAPERS
