- **La puntuación máxima de cada pregunta está indicada en cada enunciado.**
- **Revisa cuidadosamente la prueba antes de entregarla.**

A. COMPRENSIÓN LECTORA. (3,5 puntos)

Lee el siguiente texto y responde a las preguntas propuestas a continuación.

Scotland.

Scotland is one of the four countries that make the United Kingdom. It is situated in the north of England. There are three languages spoken in Scotland. Most people speak English and Scots and a minority (around 1% of the Scottish population) speaks Scottish Gaelic, an old Celtic language which is very different from English.

Scotland has nearly 800 islands, but people only live on some of them. Scotland is a very beautiful country with many mountains, forests, beaches, rivers and lochs or lakes. In the north of Scotland it is light until 11.30 p.m. in summer and in winter you can sometimes see the Northern Lights or Aurora Borealis, which are spectacular lights in the sky. Energy from the sun turns the Earth's sky green, red and other colours.

Scotland has its own parliament which makes laws for Scottish people. The Scottish parliament is in the capital city, Edinburgh. About five million people live in Scotland, which is 8.5% of the UK population. Most people live in the south of the country, in and around the cities of Edinburgh, Glasgow, Perth and Dundee.

1. Di si las siguientes afirmaciones son verdaderas (V) o falsas (F). Debes justificar tus respuestas con frases del texto. (2 puntos; 0,5 por apartado)
